About Maison de Beauty Esthetique Academy

Methodology

We believe that well-formed teaching methodology, approaches, systematically delivered information, help beginners and professionals to work better and deliver better results in their work.

Trainers

Trainers are our foundation, our pride and people we trust. Every trainer is professional with high standards we developed in order to maintain high quality in all we do. They are people, who imbued our idea, our principles and who know how to teach and share their experience better.

Practice

The theory is important, but is nothing without practice. Practice is our core value. We believe in practical approach in our industry

In Maison de Beauty Esthetique Academy we aim to set the future Artist hand, we believe in practice, artistic vision and ability to predict the outcome. Our trainers are practicing professionals, who follow new trends in industry and new products and approaches. They also are trained all the time by other masters and artist in order to improve their professionalism.

We are not tied to any of producers in PM devices and are open-minded to offer you our comparison for devices, equipment and materials for PM. We suggest best we can.

We are hard working people trying to deliver best results for every student, you'll find our academy not only highly professional, but also cozy and friendly atmosphere.

Welcome to study and our team at the Maison de Beauty Esthetique Academy.
